Skills

Modeling

3d(SOLIDWORKS)

- Design of embedded systems based on arduino and raspberry pi
- Data scientist specialized in economic and financial analysis
- Project management and set-up
- Good communication skills

- design thinking proficiency
- Proficiency in data analysis with Python
- Very good teamwork skills

PROFILE

A young Cameroonian, born on March 16, 1996, I have a strong sense of innovation and business acumen. I am passionate about economics, marketing, and new technologies in general. I specialize in integrating advanced data analytics with strategic marketing initiatives, driving actionable insights to optimize business performance. With a robust engineering background and a keen interest in economic trends,

EDUCATION :

IUT et ecole nationale supérieur polytechnique, DOUALA –

- BACCALAUREAT C au **collège de la retraite**(2013)
- Bachelor degree in mechanical engineering 2015-2016 (**IUT**)
- Master's degree in system automation :2018-2021(**ENSPD**)
- .master's degree student in business administration (2022-2023) **ESSEC business school of DOUALA**
- Certification credly of the **WORLDQUANT UNIVERSITY** in data analyst (noviember 2023)

Experience and Academic Project

- Design of a robot controlled via an android application that i develloped (**ENSPD - 2020**)
- Design an intelligent warehouse robot capable of navigating in store using optical character recognition (OCR) based on arduino,raspberry pi and camera (**ENSPD- 2021**)
- Evaluation of the relationship between rent prices and various parameters such as their prizes and locations in different cities (argentina and mexico). (**WorldQuantUniversity-novembre 2023**)

Software proficiency

- Solidwork , autocad (3d modeling)
- Proteus , arduino(électronique prototyping ,robotic , IOT project)
- Excel pour le montage de tableau de bords en gestion de projet
- Android studio : mobile app development

Professional experience

- business development manager at pyxis+ (october2024-)
- Embedded Systems and Electronics Engineer at pixys+((mai 2024-october 2024)
- Data scientist intern at orange cameroon (mars 2024-october 2024)
